

## THE VISION OF THE "LARGE HEART"

### VISION:

I saw a very "large heart" in Heaven and, then, I saw a what looked like a "thread" proceed out of the large heart. The thread was supernaturally attached to the heart of a child on the earth, and it was "transparent" [*having the appearance of spun gold*] but was so thin that it was almost "invisible". I knew just in looking at it [*by revelation*] that it was "indestructible" in spite of the fact that the thread itself was almost invisible - and "seemed" like it could break at any time.

**"transparent"** - having the property of transmitting rays of light through its substance so that bodies situated beyond or behind can be distinctly seen;

**"invisible"** - not perceptible by the eye; withdrawn from or out of sight; not perceptible or discernible by the mind;

**"indestructible"** - unbreakable; permanent; enduring; cannot be destroyed;

The Father spoke to me and said:

*The "large heart" is representative of My Love - and the totality of My Fatherhood.*

*The "thread" proceeding out of the large heart is representative of the supernatural connection that I have with each one of My precious children - a supernatural connection that will perfectly sustain them through all that they will face in My service.*

**"separate"** - to keep apart or divide, as by an intervening barrier or space; to force apart; to disconnect;

...."Who will separate us from the love of Christ? Will tribulation, or distress, or persecution, or famine, or nakedness, or peril, or sword? Just as it is written, 'For Your sake we are being put to death all day long; we were considered as sheep to be slaughtered.' But in all these things we overwhelmingly conquer through Him who loved us. For I am convinced that neither death, nor life, nor angels, nor principalities, nor things present, nor things to come, nor powers, nor height, nor depth, nor any other created thing, will be able to separate us from the love of God, which is in Christ Jesus our Lord"....
